summary

Define It

A summary is a brief explanation the key points.

Digging Deeper:

In reading, a summary is different from a synthesis. Generally, a summary is an outline of the key ideas or themes from one text, whereas a synthesis is a combination of more than one text, focussing both on overall themes and ideas, and particular details.

Draw It

Deconstruct It

From the Latin *summa*, meaning whole, totally, gist.

Link It

Synthesis, amalgam, fusion, composite.

Use It

Ben presented a summary of the key events in the narrative.
